Rainbow Songs Foundation: Sharing the Gift of Music!

On the heels of successful 2016/17 RSF season, we are thrilled to **kick off a new year of providing musical education to at-risk children in the GTA**. So much excitement to look forward to as we broaden our reach to more shelters across the city.

New this year: Christie Refugee Welcome Centre, which provides emergency shelter to refugee families of all ethnic backgrounds. A warm welcome to them!

RSF stays true to our mission thanks to the generosity of our donors. There are several ways that you can help share the gift of Rainbow Songs music to the families we serve. Here are just a few!

Shop! Use FlipGive at your favourite retailers and a percentage of your online purchase will be donated to RSF. It's actually that easy!

Party! Use Echoage with RSF as the recipient of half of your gift contributions. It's simple and convenient for your guests.

Give! Directly to RSF through CanadaHelps

Follow us on **Facebook** or read our **instructor blog**. Happy singing with your little ones!! And thank you for considering the gift of music through RSF!

Sincerely, The RSF Board

Reminders for Cold and Flu Season

Fall is the time for colds and flus. To keep everyone as healthy as possible, we'd like to remind you of a few simple guidelines.

If your child has a **fever**, **rash**, is **vomiting**, or has **pink eye**, please do not bring them to class. These are signs that your child is contagious and could infect others. For other signs of illness, please use your discretion when deciding whether to attend class. If *you* are sick and possibly contagious, please consider either missing the class, or arranging for another caregiver to bring your child. Our sickness policy can also be found online in our "Policies" section.

We encourage you to use the **hand sanitizers** provided in each classroom. Regular use can drastically reduce the spread of illness.

Songs for Halloween

Five Little Pumpkins

Traditional

Five little pumpkins sitting on a gate
The first one said, "Oh my it's getting late."
The second one said, "There are witches in the air."
The third one said, "But we don't care!"
The fourth one said, "Let's run and run and run."
The fifth one said, "I'm ready for some fun!"

OOOhh OOOhh went the wind
And out went the lights
And the five little pumpkins
Rolled out of sight

I'm a Crazy Witch

Traditional

I'm a crazy witch, stirring up my brew
What will you give me to put in my stew?

I will give you _____.
(ask for suggestions and keep adding to the list - we like eyeballs!)

Walking in the Night

Mike Whitla (2007 Rock'n'Rainbow Music Publishing)

I went walking in the night
Then I saw such a scary sight
I saw a witch standing there
With a big black hat
And at her feet was a scary black cat
So I ran and I ran to get back to my house
And I hid in my bed like a scared little mouse

I went walking in the night
Then I saw such a scary sight
I saw an owl in a tree
It could see me too!
Then all it said was hoot hoot hoot!!
There were bats all around
And a grey wolf howled
And the sound he made
Was just like OWWWWW!!

I went walking in the night
Then I saw such a scary sight
I saw a ghost standing there
It shrieked and squealed
But I'm not afraid 'cause that ghost ain't real
It's my friend with a sheet, I can be one too

Now I am the ghost and I'll scare you!!
Now I am the ghost and I'll scare you!! Boo!!

Rainbow Songs is excited to announce an upcoming 3-part workshop series that will teach expectant parents how to use music to connect, grow and bond with baby both before and after birth.

Led by veteran instructor (and mom) Jessica Blake, the series will give participants an underlying understanding of how prenatal music works, a singing repertoire, basic baby sign language skills, as well as a sense of well being and confidence!

All children are musical from birth. You can further develop this innate talent by bonding, connecting and interacting with your baby in musical ways while they are in utero.

Music has also been seen to reduce high stress levels, anxiety, and depression that many pregnant women experience during their pregnancy. When a woman relaxes, that's good for the fetus!

Don't miss this great opportunity to learn and have a positive experience with your baby-to-be!
